

# Steps to prepare for complying with the Regulation of Lobbying Act 2015

Before continuing, you may wish to read the [Quick Guide to the Act](#).

1. Review your organisation's arrangements for recording relevant communications which might fall within the scope of the Act and identify the key personnel involved.
2. Where necessary, put in place arrangements to record such information from 1 September next.
3. Identify individual(s) responsible for registration and compilation of returns. It will be possible to have data entered on the register on an ongoing basis by more than one employee and saved in draft form (on a private area of the register) prior to its formal submission.
4. Nominate a single responsible person within your organisation who will submit the final return at the end of each reporting period and will confirm that the information is correct.
